

File project name → **Toolbar**

Toolbox → **Cells**

Column → **D12**

Cell → **D12**

Row → **D12**

Workbook → **Latihan Chapter 1.xlsx**

Worksheet → **Sheet3**

This screenshot shows the Microsoft Excel interface with several components highlighted and labeled:

- File project name:** The title bar at the top left shows "Latihan Chapter 1.xlsx".
- Toolbar:** The top ribbon bar contains the "File" tab and other standard menu items.
- Toolbox:** A pink arrow points to the "Cells" section in the ribbon.
- Column:** A pink arrow points to the column header "D" in the top-left corner of the worksheet.
- Cell:** A pink arrow points to a single cell in the worksheet area.
- Row:** A pink arrow points to the row number "12" on the left side of the worksheet.
- Workbook:** A pink arrow points to the file name "Latihan Chapter 1.xlsx" in the title bar.
- Worksheet:** A pink arrow points to the active sheet tab "Sheet3" at the bottom of the window.
- Clipboard:** The "Clipboard" section in the ribbon is highlighted with a yellow box.
- Font:** The "Font" section in the ribbon is highlighted with a blue box.
- Alignment:** The "Alignment" section in the ribbon is highlighted with a green box.
- Number:** The "Number" section in the ribbon is highlighted with a brown box.
- Styles:** The "Styles" section in the ribbon is highlighted with a grey box.
- Cells:** The "Cells" section in the ribbon is highlighted with a purple box.
- Editing:** The "Editing" section in the ribbon is highlighted with a red box.
- Add-ins:** The "Add-ins" section in the ribbon is highlighted with a light blue box.

The worksheet itself has a grid of cells from A1 to AC37. The first few rows and columns are visible, with the first cell being D12, which is highlighted with a yellow box. The ribbon tabs are color-coded: File (blue), Home (green), Insert (orange), Page Layout (yellow), Formulas (purple), Data (pink), Review (brown), View (grey), and Help (light blue).
